PROFILE

GIS and Remote Sensing graduate with hands-on training in ArcGIS, ArcGIS Pro, ENVI, AutoCAD 2D, and surveying support tools. Experienced in preparing mapping outputs, organizing spatial data, and supporting technical workflows through internships and certified training programs. Seeking an entry-level role as a GIS Technician / Junior GIS Analyst / Remote Sensing Trainee in a professional, high- standard environment.

PROFESSIONAL EXPERIENCE

Trainee

GIS Training - ArcGIS Pro| Jul 2021 – Nov 2021

- Practiced building and editing GIS layers (points/lines/polygons) and maintaining clean attribute tables.
- Produced map layouts with essential elements (legend, scale, north arrow) and exported deliverables for reporting.

Trainee

Remote Sensing Training - ENVI | Aug 2022 – Aug 2022

- Practiced building and editing GIS layers (points/lines/polygons) and maintaining clean attribute tables.
- Produced map layouts with essential elements (legend, scale, north arrow) and exported deliverables for reporting.

Trainee

National Remote Sensing Authority - Training | Jul 2023 – Aug 2023

- Received exposure to remote sensing and GIS work environments and professional technical standards.
- Strengthened understanding of how remote sensing supports mapping, analysis, and planning use cases.

Internship

The Arab Contractors - Osman Ahmed Osman & Co. | Jul 2022 – Aug 2022

- Completed practical training within a large engineering and contracting environment, supporting technical documentation and workflow coordination.
- Applied professionalism, accuracy, and teamwork in a structured workplace setting.

CORE SKILLS

- GIS Data Digitizing & Editing
- Map Layout & Cartographic Design
- Spatial Data Management
- Coordinate Systems & Projections
- Remote Sensing Fundamentals
- Raster Data Handling & Interpretation
- Teamwork & Communication
- Time Management
- AutoCAD 2D Drafting (layers, dimensions, clean drawings)
- Survey Data Workflow Support
- Surface/Contour Outputs (Surfer – training level)
- Technical Reporting & Documentation (Excel/Word, clear deliverables)

EDUCATION

- **Bachelor's Degree in Arts** **2020 – 2024**
- Department: Surveying, Maps, Geographic Information Systems (GIS) & Remote Sensing
- Zagazig University

COURSES & CERTIFICATIONS

- **GIS Training (GIS Basic, GIS Advanced, Remote Sensing Basic)** GIS - Navigator | 2024
- **ArcGIS & ENVI Online Training (Webex)** – National Authority for Remote Sensing | 2023
- **Programming course (HTML, CSS,JAVA SCRIPT)** CREATIVO| 2025
- **ENVI (Introduction) Training**| 2022
- **GIS Training (GIS Basic, GIS Advanced, Remote Sensing Basic)** – GIS BOLGGERS | 2024
- **Surveying Programs Training (AutoCAD)** –Online | 2021
- **Microsoft Office Course** | 2021
